

Wireless Speaker Wall Mount

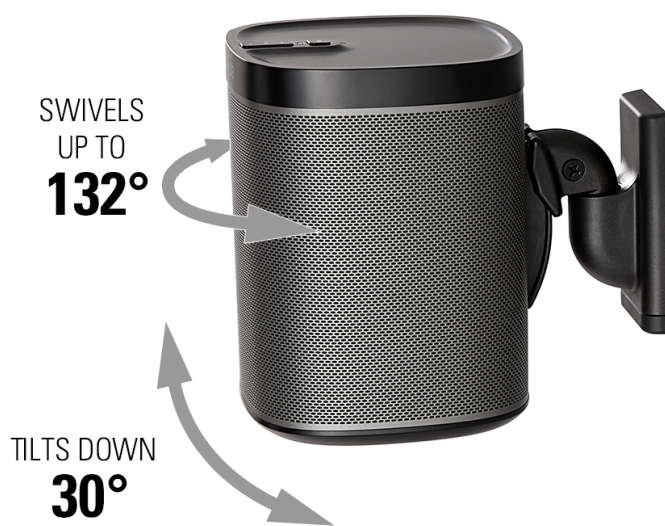

Designed for the Sonos One™ Speaker

PERSONAL ASSISTANT

An elegant solution for your smart home. Mount your wireless speaker in the kitchen, as part of a home theater, or anywhere with a wall: it works on drywall, wood stud, or concrete.

TOOL-FREE TILT & SWIVEL

Effortlessly find your sound sweet spot with 30° of tilt and 132° of swivel – no tools needed!

SECURED WITH EXCLUSIVE INVISIGRIP™ TECHNOLOGY

Your SONOS ONE stays securely mounted via exclusive Invisigrip™ technology, using two ultra-thin, virtually invisible wires wrapping around the top and bottom of your speaker, snugly holding it in place.

EASY 15-MINUTE ASSEMBLY

WIRELESS SOLUTIONS FOR A WIRELESS WORLD
